

JOH843 JOHN DEERE WOMEN’S HOODED SOFTSHELL JACKET

Designed for modern work environments, the John Deere Hooded Softshell Jacket combines weather protection, mobility and technical functionality in a streamlined urban design. Constructed from a polyester-elastane softshell with breathable three-layer bonding, the jacket delivers reliable protection against wind and light rain while maintaining flexibility and comfort throughout the workday.

The 5,000mm waterproof rating provides dependable resistance to wet conditions, while the double-knit mesh interior enhances breathability and comfort during extended wear. Practical design elements such as underarm ventilation panels, a waterproof chest pocket with integrated media port, and a utility sleeve pocket support everyday functionality in active environments.

Additional features including a high cowl collar with chin guard, adjustable waistband with cord lock, and hidden cuffs with thumbholes help improve comfort and weather protection. Designed in a women’s classic fit, this jacket provides a balanced combination of durability, technical performance and professional appearance suitable for dealership, field and outdoor environments.
