

## JOH845 JOHN DEERE UNISEX PERFORMANCE JACKET

Designed for colder working environments, the John Deere Performance Jacket provides dependable warmth, weather protection and functional storage for everyday use. Constructed with a durable nylon outer shell with PU coating, the jacket offers protection from wind and light rain while maintaining comfort throughout the workday. Its longer length design improves warmth and coverage, making it suitable for dealership yards, field work and outdoor environments.

A polyester micro-fleece lined body delivers insulation and comfort, while polyester sleeve lining allows easy layering over shirts and jumpers. The two-way centre front zip with storm flap helps shield against wind and rain, while a concealed hood offers additional protection when required.

Practical storage features including multiple pockets and a chest pocket with audio port access support everyday work tasks. With its durable construction and colour-blocked design, this jacket is a reliable outerwear option for teams requiring consistent protection and comfort across changing conditions.
