

JOH957 JOHN DEERE SAXON MERINO JUMPER BY RB SELLARS

A smart knit layer for cooler seasons, the John Deere Saxon Jumper blends natural fibres with structured design to deliver warmth, comfort and a professional aesthetic. Ideal for dealership floors, yard duties and field use where a versatile insulating layer is needed, it combines the performance of premium materials with the practicality your teams rely on.

Crafted from a heavy-weight merino wool blend, the jumper feels soft against the skin while providing trustworthy insulation in cooler conditions. The regular fit construction ensures ease of movement, and the half-zip placket with a durable YKK zipper allows fast temperature control. Ribbed detailing at the collar, cuffs and waistband maintains shape and adds everyday comfort. Designed to layer seamlessly over shirts and other uniform pieces, the Saxon Jumper strikes a balance between practical warmth and classic style.

With its considered construction and quality materials, the John Deere Saxon Jumper is a reliable choice for uniform programmes requiring consistent, long-lasting knitwear across dealership, service and field roles.

Features:

- John Deere logo embroidery on front
- Official certificate of authenticity hang tag
- Heavy-weight merino wool blend (70% Australian merino wool, 30% nylon)
