

## JOH959 JOHN DEERE BERMAGUI VEST BY RB SELLARS

A versatile women’s vest suited to everyday uniform use, the John Deere Bermagui Vest delivers practical warmth, comfort and durability across changing conditions. Designed as a lightweight outer layer, it provides insulation without bulk, making it ideal for dealership floors, yard work and on-site roles.

Constructed with a premium cotton-rich outer shell, the vest balances durability with comfort for regular wear. A warm padded checked lining offers insulation, while the stand collar with contrast inner corduroy trim provides structure and comfort at the neckline. The full zip front with storm flap and stud closure helps protect against wind, and hand side pockets offer practical storage. Adjustable back waist tabs allow the fit to be refined without compromising ease of movement.

Designed specifically for women and built for daily rotation, the Bermagui Vest is a dependable uniform layer for John Deere teams requiring consistent, hard-wearing apparel across dealership and field environments.

### Features:
